TENNESSEE

RV PARKS & CAMPGROUNDS RECOMMENDED BY THE NRVOA
Tennessee has always been a melting pot of musical styles. From the eastern mountains came Appalachian folk songs and bluegrass, while country music flowered in Nashville. Gospel, blues, rockabilly, and ultimately, rock ’n’ roll, all stemmed from the Mississippi belt.

Nashville is a major music performance and recording center and also boasts a host of fine colleges and churches. To the southwest is Memphis, home of the blues and the birthplace of rock ’n’ roll, near the Mississippi border. Tennessee’s largest city and a major trading center, Memphis is known chiefly for being the location of Graceland, the home of Elvis Presley.

Over on the southeastern side of the state, perched next to the Tennessee River, is Chattanooga. This bustling city, with its train, was made famous by Glenn Miller’s song ‘Chattanooga Choo Choo.’

More than half of Tennessee is forested, and great tracts have been set aside as state and national parks, forests, wilderness areas and game preserves. Gatlinburg and Pigeon Forge are the starting points for trips into the Great Smoky Mountains National Park.

**Notable Attractions**

- Country Music Hall of Fame and Museum
- Ryman Auditorium
- Grand Ole Opry
- Great Smoky Mountains National Park
- Graceland
- Sun Studio (Where Elvis Recorded His First Song)
- Mud Island River Park

...And Much More!

Recreation
Hiking, biking, fishing, swimming

Directions
Contact the park directly for driving directions.

Of Interest
Located on the western edge of Tennessee, approximately 40 miles north of Memphis, Fort Pillow State Historic Park is rich in historic and archaeological significance. Steep bluffs overlooking the Mississippi River made this area a strategic location during the Civil War. The fort was originally built by Confederate troops in 1861 and named after General Gideon J. Pillow of Maury County. It was abandoned in 1862 due to the Union Navy’s advancement along the Mississippi River. The area became a state park in 1971.

Of Interest
Standing Stone State Park is located in Standing Stone State Forest on the Cumberland Plateau. The park takes its name from the Standing Stone, a 12-foot-tall rock standing upright on a sandstone ledge, which was supposedly used as a boundary line between two Indian nations. When the rock fell, the Indians placed a portion of it upon an improvised monument to preserve it. The stone is still preserved in nearby Monterey, Tenn.

- McKellar Lake

Recreation
Hiking, biking, fishing, swimming

Of Interest
The 1,138-acre park is located within the southern city limits of Memphis - seven miles from Graceland, 10 miles from the Memphis International airport and 15 miles from downtown. Although the park is close to the city, the wooded area of the park allows for a natural and serene setting. Its diverse terrain, from the Mississippi flood plains to the high and overshadowing bluff ridges, makes the area an ideal place for birdwatchers and nature enthusiasts. Hiking trails range from moderate to rugged. The Discovery Trail is a four-mile loop where visitors have the opportunity to see the Chucalissa Indian Village and Wetlands.

**Of Interest**

This 1,247-acre area is located on the east banks of the Tennessee River. Tradition has it that Mousetail Landing received its name during the Civil War period when one of the area’s tanning companies caught fire. The exodus of mice fleeing the burning tannery was so profuse that the area in proximity of the park became known as Mousetail Landing.
